Environmental Headlines – prepared by the Region 8 Librarians – October 18, 2017

Note: Many newspapers are beginning to adopt subscription policies to govern access to their online editions. In some cases, this involves the creation of a free user account; in others, paid subscription is necessary to view more than a set number of articles (usually 20) per month. If you have difficulty accessing the news articles you need, please contact the library (library-reg8@epa.gov or (303) 312-7226) for assistance. Please note that the new Region 8 intranet site does not allow access to older headlines; if you need assistance retrieving a news article from a previous week or month, please contact the library.

Colorado
